Plan, build and grow your technical capabilities and accelerate sales

Partner organizations receive technical & business enabler guidance from a Microsoft **Partner Technical Consultant (PTC)** through personalized, one-to-one consultations to plan, build and publish Microsoft cloud services or applications and accelerate the closure of sales opportunities.

- Plan your business with Microsoft**
Get help assessing your organization's technical capabilities to uncover key opportunities that can help you grow your business.
- Build a service or application**
From envisioning to publishing, our consultants will advise and support you.
- Technical assistance for sellers**
Help to create demos and proofs of concepts and remove sales blockers to help close more sales opportunities.
- Grow and support your business**
Consultants are here to support you in growing and enhancing your solution, even after you've built and sold your service or application.

Get started today at <https://aka.ms/tpd>. Available to partner organizations with a Microsoft Cloud Partner Program user account and benefits associated with a Solutions Partner designation, legacy competency or Microsoft Action Pack.

Cost-Saving Benefits Designed to Drive Success

According to IDC, the value of partner benefits packages far exceeds their cost—and this value expands as partners move from one package to the next. The increasing value comes from empowering partners to run better customer-facing businesses, improve operational efficiency, and drive positive customer outcomes.¹

| | Partner Launch \$345 | Partner Success: Core \$895 | Partner Success: Expanded \$3,995 |
|--|--|---|--|
| Microsoft software | | | |
| Examples include M365, D365, Visual Studio Pro | Up to 5 users across 8 software products \$13,092 | Up to 25 users across 19 software products \$57,468+ | Up to 35 users across 37 software products \$381,684+ |
| Azure credits for production | | | |
| | \$700 | \$2,400 | \$4,000 |
| Support services | | | |
| Technical pre-sales and deployment | - | Deduct hours - | Unlimited hours \$+ |
| Technical support and consultation | - | 5 hours \$1,000 | 10 hours \$2,000 |
| Signature Cloud Support | - | 2 incidents \$1,200 | 5 incidents \$3,000 |
| Total retail value* | \$13,792 | \$62,068+ | \$390,684+ |

* Retail value is based on Microsoft list pricing and reflects the potential fees for access to Microsoft software and services.

+ Represents areas with additional value potential where Microsoft pricing cannot be reliably measured (e.g., unlimited pre-sales support services).

SMB paths to Solutions Partner designations

Introducing: SMB paths for Azure designations

Existing designations

-  Aligned to existing Azure and Security designations
-  Same designation, regardless of the path
-  Same Benefits

One path or the other

-  Either the SMB path or the Enterprise path
-  Single score in Partner Center
-  Specific criteria will qualify for each path

Adjusted requirements

-  Points for smaller net customer adds
-  Fewer prerequisite certifications
-  Points for prerequisite certifications

Updates to deployments

-  Deployments only if they were created in the trailing twelve months
-  Virtual machines now count as eligible deployments

Partner path alignment

Partners qualify either on the SMB or Enterprise path and will see in Partner Center only one score aligned to their path.

Enterprise Path

- ↑ Partners driving more than USD \$1,000,000 in revenue, or
- 👥 Partners with <USD \$1,000,000 revenue and >20% of customers in the enterprise segment.

Enterprise Path is for partners with significant revenue or a substantial portion of enterprise customers.

SMB Path

- ↓ 🧑‍🤝‍🧑 Partners driving <USD \$1,000,000 in revenue and $\geq 80\%$ of customers in the SMB/SMC segment.

SMB Path is for partners with lower revenue or predominantly serving SMB/SMC customers.
